FORTY-SIXTH CONGRESS.

DAILY PROCEEDINGS OF THE SENATE AND HOUSE.

Introduction of Bills in Both Houses Senator Chandler's Successor Sworn in—The Currency.

SENATE.

WASHINGTON, Dec. 3.—Senator Ferry presented the credentials of Hon. Henry P. Baldwin, appointed Senator from Michigan vice Hon. Zachariah Chandler, deceased. Senator Baldwin was thereupon sworn in and took his seat.

Senator Beck introduced a bill to authorize the payment of custom duties in legal tender notes. Also a bill to amend title 28 of the revised statutes so as to authorize the purchase of foreign built ships by citizens of the United States for use in the foreign carrying trade. Both were referred to the committee on commerce.

Senator Bayard introduced a joint resolution, that from and after the passage of this resolution, the treasury notes of the United States shall be receivable for all dues to the United States, except duties on exports, and shall not be otherwise legal tender, and any of said notes hereafter reissued shall bear this superscription. Referred to the finance committee.

Senator Ingalls offered a resolution that in the opinion of the Senate the present volume of United States notes should not be reduced, and that the said notes ought to continue to be legal tender in payment of debts.

At 12:40, on motion of Senator Anthony, the Senate adjourned until to-morrow.

HOUSE.

By unanimous consent the States were called as of Monday for the introduction of bills, under which call the following were introduced and referred:

By Mr. Wood, (New York,) respecting the refunding of the national debt. The bill is as follows: Be it enacted that so much of the authority conferred on the Secretary of Treasury by acts of July 14, 1870, and January 20, 1871, to refund the public debt, to the extent of $1,500,000,000 as has not been exhausted and executed, be and the same is hereby modified so as to limit the rate of the interest on the bonds yet to be issued as authorized by these acts to a rate of interest not to exceed 3½ per cent. per annum.)

Without transacting any important business the House adjourned.

THE LOUSIANA ELECTION.

Heavy Democratic Gains Reported—The Negroes Democratic.

NEW ORLEANS, Dec. 2.—The election in the city passed off quietly. A very light vote was polled, probably less than two-thirds. The "Ring" ticket in this parish is generally elected. Special dispatches to the *Democrat* from all telegraph stations in the State show heavy Democratic gains. There are reports giving an estimate of the majorities in 11 county parishes claim Democrat gains of 12,100 as compared with the Democrat count of 1876. The same parishes gave President Hayes 1,600 majority. All the dispatches say that the election passed off quietly. Most of them report the negroes voting the Democratic ticket and for the Constitution.

VARIOUS OTHER ELECTIONS.

AUGUSTA, Ga., Dec. 3.—Robert H. May was elected Mayor to-day by 654 majority over Charles Estes. May's entire ticket was elected to the council.

COLUMBIA, S. C., Dec. 3.—Judge A. Haskell, associate justice of the State Supreme Court, has been elected president of the Charlotte, Columbia & Augusta Railroad, to succeed Colonel J. B. Palmer resigned.

BOSTON, December 3.—At Springfield Mayor Powers, the Republican, was elected by 1,304 majority. Majority last year thirty-five. In Holyoke the Democrats elected William Rudy for mayor by fifty-four majority, and carried a majority of city wards.

BOSTON, Dec. 3.—The Fall River election yesterday was one of the most exciting ever held in that city. William G. Green was elected mayor, receiving 2,990 to 2,481 cast for Jeremiah R. Levey, a Democrat. There will probably be a tie for another year in the Board of Aldermen. Most of the seventy-eight enrolled women voted.

An Unfortunate Fair.

PHILADELPHIA, Dec. 3.—A fair was held last night at the Presbyterian church on the corner of Broad and Oxford streets, to defray the expense of a new organ. Early this morning some of the decorations caught fire, and before the flames could be extinguished, everything combustible, including the new organ, was destroyed, and nothing remained but the stone walls and steeple. The church stood alone on a lot so that the fire did not spread to the surrounding property. The church cost $150,000 about ten years ago, and the damage is estimated at $50,000, which is covered by insurance.

Another Through Line.

NEW YORK, Dec. 3.—It was announced after business hours yesterday that the Louisville & Nashville Railroad Company had obtained control of the Mobile & Montgomery road (which was of late under the control of the Richmond Air Line) and thereby secured a direct line to New Orleans. An official of the Louisville & Nashville Railroad Company said last night that the new arrangement would go into effect January 1st.

Cotton Trade Increasing.

LONDON, Dec. 3.—There are increasing signs that the cotton trade in North Lancashire is improving. Some of the idle mills are preparing to start again, and some firms have raised the wages of their employees.

Postmasters Appointed.

WASHINGTON, Dec. 3.—The following nominations of postmasters were sent to the Senate to-day: Samuel L. Arnell at Columbia, and Samuel Rexinger at Clarksville, Tenn.; Robert M. Orrell at Fayetteville, and David L. Bringle at Salisbury, N. C.; Edward H. Brooks at Camden, S. C., and Benjamin M Cox at Farmville, Va.

Cold Weather in England.

LONDON, Dec. 2.—The weather is very cold in Great Britain and on the Continent. Dispatches from Rome and Madrid report heavy snow falls.

Virginia Readjusters in Caucus.

RICHMOND, Va., Dec. 3.—The Readjusters met in caucus at eight o'clock and are still in session at midnight. They claim to have eighty-two members of the General Assembly, which would give them a majority of twenty-two on joint ballot. Nearly two-thirds of the Republican members took part in the caucus. Participants were bound to secrecy, hence it is impossible to give any idea of the proceedings, except that a long series of resolutions, embodying a plan for future action, were adopted. These resolutions are said to be extremely liberal in a political sense.

The caucus also made a full list of nominations for officers in both Houses, with Judge B. W. Lacy, of New Kent, as Speaker of the House; P. H. McCaull, of Pulaski, as Clerk; G. W. Cook, colored, of Norfolk, first doorkeeper, and J. W. Southard, of Henry county, second doorkeeper; and A. J. Taylor, of Fluvanna, Sergeant-at-Arms. The Senate officers are: C. H. Causey, of Nansemond, Clerk; C. H. Webber, of Roanoke, Sergeant-at-Arms; J. Hill, colored, of Petersburg, doorkeeper.

The Debt-payers also held a caucus, but made no nominations nor took any decided action.

BLOWING UP THE CZAR.

An Attempt to Blow up the Train at Moscow.

MOSCOW, Dec. 2.—After the arrival of the Emperor last night, while the second train containing the baggage was on its way hither, an explosion occured. The baggage was blown to pieces, seven carriages thrown off the rails, but nobody was injured.

To-day a deputation proceeded to Kremlin to congratulate his Majesty upon his visit to Moscow. Previous to the Emperor's arrival in the hall of audience, the Lord Marshal gave the deputation the news of the catastrophe on the previous evening. His hearers appeared for a moment thunderstruck, but immediately afterward broke out in loud cheers at the Emperor's escape.

The Emperor appeared in St. George's Hall at noon, and was presented by the municipal authorities, with bread and salt, when he spoke as follows:

GENTLEMEN: I am very glad to see you again, remembering the loyal attachment which you evinced on the occasion of the sad event of April 14th. Similar assurances then reached me from all parts.

The explosive which destroyed the imperial baggage train are stated to have been placed on Monday evening under the rails at a point over which the imperial train would pass just before entering the Moscow railway station. The Czar arrived safely, however, at 11 o'clock Monday night, and the explosion occurred on the passage of the baggage train half an hour afterward. The house whence the mine was exploded has been discovered, and a search is making for the perpetrators of the outrage. The Czar will arrive in St. Petersburg to-morrow.

A NEW RODERICK DHU!

HOW THE REVENUE MEN MADE THEIR ESCAPE.

A Girl on the Mountain Tops Winds a Fox-Horn, and the "Moonshine" Clans Gather in Force.

Atlanta Constitution, 2d.

A strange and picturesque story comes to us from the mountains of Towns county.

The authority that we have at present is the official report of the deputy in charge of the squad which was interested. It appears that a few nights ago a deputy marshal of Marshal Fitzsimons's force, with seven assistant deputies and eight guards, organized for a raid into Towns county. One of the objects of the raid was to capture a man by the name of Berrony, who was reported to be a "moonshiner," and the leader of a band of men organized for the purpose of defying the revenue officers and protecting the hidden stills of the mountain branches.

The raiding party moved along quietly and by nightfall was in the neighborhood of Berrony's house. They waited until the family had gone to sleep and then surrounded the house and closed in on the unsuspecting family. Berrony, though surprised while asleep,

SPRANG FROM HIS BED AND FLED,

clad only in his night clothes. Despite this light weight, he was overtaken by the deputies and overtaken and tied.

In the meantime his family had awakened and came to the door in more or less confusion, and making a good deal of fuss. While the deputies were engaged with the prisoner and the people at the door, a daughter of the prisoner, about eighteen years of age slipped out of the back door, dressed only in the garment in which she had been sleeping, and made for the mountain side with the fleetness of a young antelope. She carried in her right hand a fox-horn, and fled through the night like an apparition.

A deputy put out in pursuit of the fleeing maiden, but his boots and clothes encumbered him, and she tripping over the sleeping flowers with bare feet soon reached the top of the hill. Once there she turned,

AND LIKE A NEW RODERICK DHU,

sl.e gave one blast upon her bugle horn. It was "well nigh worth a thousand men," for as the echoes of the horn died away in the valleys of the night, armed men gathered silently but swiftly to the call of the lightly-clad but stout-hearted bugler.

As rapidly as possible the deputy had his prisoner dressed, and forming his men into close order, moved off toward his wagons. He and his men were followed by the family of the prisoner, which was constantly reinforced by the arrival of mountaineers, aroused and angry. By the time the deputies had gone a mile the threatening force behind had grown to twenty or twenty-five men, and things looked squally. When

THEY HAD REACHED A LONG, NARROW DEFILE

the deputy in charge found that there was a large force of men in front of him, and that each side of the defile was held by sharp-shooting mountaineers, who were hidden in the woods. The force in his rear was pressed closer on him, and he called a halt and began to look into things. He found his situation desperate. He could turn no way without encountering an armed squad and he felt that a fight in the dark could promise nothing but bloodshed and death. He therefore began to parley. The mountaineers demanded the release of Berrony, who is said to have been their leader. The deputy at first protested and refused, but he soon found that there were fifty men opposed to him with the advantages of position. The men agreed that certain discovered stills should be given up, but they would not listen to Berrony being taken away At length the deputy surrendered him, and he joined his friends in the woods.

A DEPUTY BEATEN AND THROWN OVER IN A FENCE CORNER.

The deputies had two other prisoners and attempted to get away with them. As they were marching along through the dark some one whispered to one of the deputies: "Come this way." He supposed that it was one of his fellow deputies and moved in the direction indicated. Suddenly he was knocked down and bundled up and pitched into a fence corner. The deputies discovering his capture, halted again and held a little council of war. They were afraid to fire on the "moonshiners," because they supposed the missing deputy was in their power. And the "moonshiners' were afraid to fire on them for fear of hitting the prisoners. The two squads confronted each other quietly in the dark woods for a while, when the deputies silently but in good order withdrew and hurried out of Towns county. They carried off their two prisoners, but left Berrony behind.

This is the report in substance as made by the deputy to Marshal Fitzsimons. The marshal is not in the city at present, but we presume when he returns he will take steps to have the arrest of the defiant mountaineer made over again, and made so that it will stick.

A LATER ACCOUNT.

Mr. Robinson, the deputy marshal who was in charge of the raiding party, has reached the city and gives a full account of the affair. He says that it is impossible to overestimate the defiance with which the mountaineers met the officers.

He says that Berrony is a Frenchman of bravery and ability and shrewdness, and that he has a determined party following that fully understand the situation. He says that when they arrested Berrony he said: "I have two stills and there they are. I defy you to take them."

When his friends began to gather in the woods and darkness came on he would call out to them, "There's only twelve of them here, but they're armed to the teeth. Don't attack them till the rest of the boys come!"

Robinson turned to him and said: "The first shot they fire on us I'll kill you."

He replied: "Kill and be d—d. If you hurt me nota man of you will get out of these hills alive." He then went on and said: "If you don't hurt me they won't hurt you."

When an attack seemed imminent one of the deputies said to Berrony: "Throw up your hat and tell them not to shoot." Berrony laughed and said: "If I throw up my hat they'll shoot sure."

He talked with his ambushed friends with the utmost freedom and nonchalance, and seemed to be jolly over the crowd of them that was gathering. After he had been released, he turned to Shepherd, one of the deputy collectors, and said: "Shepherd, I want to warn you now that if you ever come over these mountains again you are a dead man!"

Mr. Robinson says that the organization seemed perfect and that the mountaineers sank out of view like shadows at a sign from their leader, or came to the front at his call. It will probably get to be interesting before these men are disabled, if, indeed, they are disabled at all.

We learn that in a skirmish with another crowd of distillers, Deputy Shepherd was shot in the face and neck, on Saturday night last. This trouble occurred in Rabun county, but we have no particulars from the scene of action.

THE CONFERENCE AT WILSON.

Gathering of the Preachers—A Glance at the Village.

Special Correspondence of the News.

WILSON, Dec. 2, 1879.—A negro boy assisted me with my baggage from the depot to the Davis Hotel to-day, who said: "'Bout forty preachers came to-day." "Ah, the town is full of preachers, then?" "Yes, sah; dey tell me 'bout five hundred will be here fore de meetin is ober."

To-morrow the Conference will convene. Many of the preachers and delegates are here. Every preparation is being made for their accommodation. The Primitive Baptists are entertaining their share of the Conference, as well as the other Christian denominations. This is an omen of good. All Christian people should have peace and good will for each other.

A GLANCE AT WILSON

will convince you that the people are prospering and going on to prosper. Within the last few months quite a number of new and handsome brick stores have been built. There are forty business houses, one national bank, three livery stables, two buggy factories, one foundry, two machine shops and three hotels. I suppose there is no town in North Carolina ahead or even up to Wilson, with her schools. The sooner we learn that there can be no permanent prosperity to any people without education so soon the better day is here. Vice is often the result of ignorance, and ignorance is to be deplored among any people.

Wilson is also well supplied with church buildings, there being one large and handsome Methodist church, one Primitive Baptist, one Disciples, one Missionary Baptist and one Episcopal church.

The Wilson *Advance*, well up in the spirit of the times, and in a prosperous condition under the editorial control of Mr. John E. Woodward, will, I understand, isssue a daily edition during the session of the Conference.

ANOTHER ROBESON HOMICIDE.

Henry Campbell while Intoxicated Shoots a Negro Boy.

Lumberton Robesonian, 3d.

Near the store of A. & W. McQueen, in Thompson township, on Monday last, Henry Campbell, a young negro man, went to the house of William McLaurin, colored, where his two sons, Billy and Job, were playing in the yard. It seems that they knew that Henry Campbell was drunk, and the boys ran into the house and shut the door. He told the boys he wanted their father's gun, and that they need not be afraid of him. One of the boys handed him the gun. He then pointed the gun at Billy, and asked him if he was afraid, he said, "yes," he then asked Job if he was afraid, when he said "no," at the same time pointing the gun at him and fired, the shot taking effect in the thigh of Job, and shattering the bone, from the effects of which he died on Wednesday last. This is the story of the boy Billy, and Job stuck to this as long as he lived. Henry Campbell's statement is, that the gun went off in the hands of the boy Billy while he was handing the gun to him through the door. Several witnesses testified, at the coroner's jury, that Henry Campbell was under the influence of liquor. The verdict of the jury was that Job came to his death at the hands of Henry Campbell, not believing that there was any malice in the shooting, but that it was a case of criminal carelessness.

Virginia State Legislature.

The General Assembly met at noon to-day in the first biennial session and under a recent amendment to the constitutution, all the Senators were present and all the delegates but two. The organization was effected by the election of readjusters, candidates in both houses, by majorities ranging from eight to thirteen in the Senate, and from fifteen to eighteen in the House, showing that the readjusters have the majority on a joint ballot of about thirty-seven. Governor Holliday's message was then read. It is almost entirely devoted to the discussion of the State debt. It approves the settlement made last session, the terms of which were embodied in a measure known as the McCulloch bill, and states that notwithstanding the recent agitation in favor of the repeal of that law, which has to some extent interfered with the operation, nearly eight million five hundred thousand dollars of old bonds have already been exchanged for new ones.

With regard to the merits of the McCulloch bill, the Governor says it was regarded by the outside world as a fair and reasonable settlement, and one which in no way impugned the honor of the State. This, he says, was a matter of vital importance in any settlement that might be made. "Why, then," he asks, "should it not be accepted by the people of the State as in every way a desirable conclusion of the question whose agitation has cost the State more than the whole sum involved?" "My views are very clear and decided that the money represented by the interest, not even by the principal of the debt, as large as it is, is of little importance in comparison with the State's credit, and that nothing save inability can justify or excuse its non-payment."

After the reading of the message in the Senate, a resolution was adopted, under a suspension of the rules, fixing Friday, the 5th instant, for the election of State officers, including Secretary of the Commonwealth, First and Second Auditors, Treasurer, etc., fourteen in all. The Readjusters having a large majority on joint ballot, justifies the assertion that a clean sweep will be made of all present incumbents.

In the election to-day all the Republicans except four voted with the Readjusters.

To Relieve the Eyes.

The following caught floating around in the papers, may be of service to book-worms, and is probably worth experimenting with: Reading is rendered easy and fatigue to the eyes very much relieved by a simple service. Get a slip of mica, about three inches broad and six inches long, such as is used for filling in the little windows of stoves. Place this over the page and move it along, so as to cover the lines as you read. A large plate of the isinglass may be employed, so as to cover the whole page, if desired. The white surface of paper is pleasantly shaded and a book may be read in open sunlight or by bright lamp-light without fatigue. If the reader desires he may cover the mica slip with a light coat of green varnish. This is better than green goggles, and may be used with profit by the over-worked student and the consumer of endless novels.

THE MYSTIC TIE.

THE MASONIC GRAND LODGE IN COUNCIL.

The Ninety-Third Annual Communication Meets in Raleigh—Yesterday's Proceedings.

As stated in yesterday's NEWS, the Ninety-third Annual Communication of the Masonic Grand Lodge of the State opened on Tuesday evening in due form.

Prayer by Rev. W. P. Williams, Grand Chaplain *pro tem*.

Grand Officers Present—Wm. R. Cox, Grand Master.

Thomas S. Kenan, Deputy Grand Master *pro tem*.

Charles W. Alexander, Senior Grand Warden.

Henry F. Grainger, Junior Grand Warden.

William E. Anderson, Grand Treasurer.

Donald W. Bain, Grand Secretary.

Dr. R. J. Noble, Senior Grand Deacon *pro tem*.

C. H. Robinson, Junior Grand Deacon.

John W. Cotton, Grand Marshal.

Julian S Carr, Grand Sword Bearer *pro tem*.

W. H. Smith, Grand Pursuivant.

Miles Goodwin, Grand Tiler.

The following Past Grand officers were present: Geo W Blount, P G M; H H Munson, P G M; R W Best, P G M; Dr Eugene Grissom, P D G M; Dr J G Ramsey, P D G M: James H Moore, P J G W; S H Rountree, P J G W; C W D Hutchings, P G T.

T C Worth, of Committee on Credentials, reported 78 Lodges properly represented, and about 200 officers, members and representatives present.

Grand Master Cox delivered his annual address, the first part of which was published yesterday, and the closing paragraphs are now given as they are deemed eminently worthy of publication:

I have already dwelt at such length upon topics that could not well be overlooked. I must refrain from adverting to others, for fear of becoming tedious. Therefore, in conclusion suffer me to remind you that it is not the quantity, but the quality of the material employed, that imparts symmetry and stability to spiritual as well as earthly temples; it is not the number of members upon its rolls that gives a Lodge character and importance, but the Masonic virtues and character of its members. No importunity, no perverted friendship should avail to secure admission into the order, for those whose names are blurred by the tongue of evil report, or around whom even the taint of suspicion clings. The footsteps of men like these should never resound along over the tessellated pavement, nor their breath defile the pure atmosphere of a true Masonic Lodge. When they do find admission through our sentinels and will not reform, let them be dealt with as aliens and strangers.

But we must not be unmindful that it is wholly inconsistent with the tenets of Freemasonry to debar any one from the benefits of our association because of differences of opinion, or private pique. The only test that can be consistently applied, is the one prescribed in our esoteric work, when the candidate first appears at the door of the lodge. No one is persuaded to affiliate with the order, and none should ask admittance from considerations of mere temporal advantages. Charity is our *paractete*, which is allegorically represented by the ladder seen by Jacob in his vision, which "ascended from earth to heaven," and the three principal rounds of which are symbolized by FAITH, HOPE and CHARITY; and upon this angels are continually descending and ascending on their missions of love and mercy. By it we are reminded ever to be "industrious in acquiring, temperate in using, and charitable, in distributing the good things of life."

Upon you devolves the responsibility, and with you will rest the reward of so keeping your house in order that when the summons cometh, you will not be found idle.

Finally, accept my thanks for the honor conferred upon me, and for the forbearance you have exercised toward my imperfections in the discharge of my somewhat novel duties. I sincerely trust that this grand communication may prove both profitable and pleasant, that the blessings of heaven may rest upon your deliberations, and that the world at large may witness the good effects and reap the benefit of your labor.

The address was, on motion of W. P. Williams, referred to a committee of three: W. P. Williams, H. H. Munson, and G. W. Blount.

That portion of the address in which allusion is made to the Masonic Temple Association, on motion of B C Manly, was referred to a special committee of three, which committee will be appointed to-day.

Grand Secretary D W Bain read his annual report, which was referred to the appropriate committee. This report shows that three new lodges have been established this year.

Grand Treasurer W E Anderson read his annual report, which shows that the sum of $4,750.34 has been received during the year. The report was referred to the appropriate committee.

Colonel L L Polk, Commissioner of Agriculture, invited the members of the Grand Lodge to visit his department during their stay in the city, and the invitation was accepted.

The Grand Lodge adjourned until this morning at 10 o'clock.

The report of Brother J. H. Mills, Superintendent of the Orphan Asylum was presented, read and referred to Committee on Orphan Asylum.

The following is a synopsis of the report:

"At the last Annual Communication 125 orphans were reported present. Since that report 68 have been admitted, making 193. Of these 39 have been dischargen to engage in useful employments; 15 have been adopted; 4 have run away, and 2 have died. The present number is 138. The condition of the buildings, etc., is stated.

"The receipts in cash have been liberal, especially after the people were informed that increased supplies were essential to the comfort of the orphans. Our expenses have averaged about five dollars a month on each orphan.

Cash in hand at last report	$ 63 59
Cash received during the year	9,446 25
Total	$9,509 84
Disbursed	9,238 06
Leaving on hand	$ 271 78

Besides this sum, the Grand Treasurer still holds $500 of the $2,000 appropriated by the Grand Lodge. As we have so far been able to do without this amount, it seems to be best to leave it in his hands to be used hereafter in cases of accident or emergency. The receipts in kind have also been liberal, and the supplies on hand sufficient for present necessities.

The books and vouchers are present for examination and inspection. Also a roll of the Lodges with the amounts contributed by them as Lodges. Some Lodges, however, contributed mainly in kind. Some individuals also have given many times more than their Lodges.

The bequest of $1,000 by the Hon. B. F. Moore, the appropriation of $3,000 a year by the Representatives of the people in the Legislature assembled, the liberal contributions of churches, lodges, benevolent societies and individuals living within and without our borders, the unvarying kindness of Railroad and Express officers, proprietors of hotels and editors of papers and magazines, all declare that our noble people have in their hearts determined that the Orphan Asylum shall be a permanent institution and a lasting blessing to the children of the State. 'So mote it be.'"

Bro. George W. Blount, from Committee on Grand Master's Address, submitted a report, which was read and adopted. This report embraces reports reports of various standing committees, which were adopted.

The following resolutions were offered:

Resolved, That a committee of three be appointed to take into consideration the advisability of establishing an insurance feature, under the direction of the Grand Lodge. Referred to the following committee: J C Munds, —Parker, J C L Harris.

The following lie over one day under the rule:

CRACKSMEN FOILED.

One of the Best Planned Robberies in Years—A Dummy.

New York Mail, 1st.

One of the most daring and best planned burglaries which has been attempted in this city for years, was frustrated this morning by the vigilance of officer Vail, of the Fourth precinct. Messrs. Fisher & Kedemann have for years kept a saloon and restaurant on the corner of Roosevelt and South streets. The upper part of the building is occupied by U. S. Weigher, Major Bullard. The saloon is extensively frequented by pilots and master stevedores, who generally leave their money of an evening with the proprietors for safe keeping until the following morning. It frequently happens that eight or ten thousand dollars are in the safe over night. The safe is behind the bar next the window, and a strong light is kept burning over it all night.

This morning when Officer Vail passed by at half-past 3 o'clock the safe was in its place. When he returned at 4 o'clock he noticed something queer about the safe, and it did not seem to be the same one he had seen a half hour previous. Procuring the assistance of Officer Gardner he forced the front door, when the burglars' trick was discovered. A gang of clever burglars had entered the rear from an adjoining yard, by means of a window, carrying with them a dummy safe of the size of the real one, made of green glazed muslin and wooden slats, and their tools. The dummy was constructed in the most ingenious manner, made to fold up; the panels picked out in black and discolored in parts like the real safe. When the officer passed the burglars rolled the real safe into a rear room and put the dummy in its stead. They fled on being surprised by the officers leaving behind their tools with which they had just begun to operate. The tools were a safe-puller, sectional jimmy, drills, wedges, a sledge and a brace and bits, all of the most improved and costly character.

Feeble Ladies.

Those languid, tiresome sensations, causing you to feel scarcely able to be on your feet; that constant drain that is taking from your system all its elasticity; driving the bloom from your cheeks: that continual strain upon your vital forces, rendering you irritable and fretful, can easily be removed by the use of that marvelous remedy, Hop Bitters. Irregularities and obstructions of your system are relieved at once, while the special cause of periodical pain is permanently removed. Will you heed this?

THE SEA SERPENT.

A MONSTER THAT WAS SEEN OFF SANDY HOOK.

Its Eyes as Large as Saucers, and Its Body 300 Feet Long---A Curious Statement.

New York Sun.

SANDY HOOK, Nov. 28.—Some of the crew of Life-Saving Station No. 1, while patrolling the beach near the station at 3 o'clock this afternoon, saw a commotion in the water at about 400 yards distance from the shore, which was at first thought to be caused by a school of porpoises. A minute later, a monstrous black form arose out of the foaming water. The men had been reading in the *Sun* of to-day the account of the whale seen on Thanksgiving Day by Captain Al. Foster and the passengers in the steamboat William Fletcher, between Sandy Hook and Rockaway, eight or nine miles northeast of the Highlands, and connecting this in their minds with the monster that was lashing the water into spray off shore, some them hurried to the station to call their comrades, while others levelled a pair of strong field glasses at the creature. Then they saw, the men say, that although it was black, like Captain Al. Foster's fish-scaring whale, yet it was not a whale at all, but a serpent-like monster, three hundred feet long. Those who looked through the glasses aver that they could plainly see the creature's head when it was lifted above the water, and that it looked bigger than a hogshead. It had an enormous mouth, and shining black eyes as big as saucers. Portions of the long, dark-colored, and rounded body they saw rising and sinking in the water as the monster leisurely worked its way toward the south with sinuous snake-like motions. At times, the men say, the creature threw its tail out of the water. The tail seemed to be shaped like that of an eel.

The monster was seen by all the members of the crew, who ran along the beach and kept it in view as long as possible. It finally disappeared in a southerly direction, going toward Long Branch. It kept at a distance of about 1,200 feet from the shore, increasing its speed a little while before it was lost sight of.

The possibility that this might have been the whale whose tail Captain Foster says his steamboat's bow almost shaved in passing on Thursday at first suggested itself, but the life saving men's description of the monster seen by them bears little resemblance to that of the whale. Captain Foster thought the whale he saw must have been 80 feet long, and some of the passengers estimated its length at 150 feet. But the life station men assert that the creature they saw was fully 300 feet long. That the monster with which the William Fletcher narrowly escaped a collision was really a whale was shown by the fact of its having been seen to spout. Besides, Captain Foster, who has seen many whales, asserted that it was a whale, and the largest one he had ever seen. But the monster seen off the coast to-day did not spout, and the manner in which the men say it handled its long body was very unlike a whale's motions. They aver that it was a sea-serpent.

Nevertheless, some believe that the creature seen to-day was the same that Captain Foster saw yesterday. They think that after the William Fletcher passed him the monster got out of the deep water he was then in and became entangled among the intersecting channels in the neighboring shoals, and spent last night and most of to-day in seeking a way out. He had evidently found the right channel just before he was spied from the Sandy Hook beach.

A whale lost his way in the channels of the Horseshoe, inside Sandy Hook, about two years ago, and was killed by three fishermen, who attacked him with spears and a hatchet from a towboat.

Board of County Commissioners.

The Board was again in session yesterday. The bonds of all the county officers were unanimously approved and ordered to be registered.

The new bridge across Neuse River near Poole's mill was received.

Several accounts were audited and ordered paid. Relief from payment of poll tax was granted in several cases on account of physical disability or being unnaturalized. Relief from payment of taxes where property was assessed too high was also granted.

Considerable business affecting the poor was transacted, and the salary of the superintendent was increased to the amount of $50 additional. The superintendent was also authorized to purchase a horse and wagon for the use of the poor.

Some school business was also transacted.

The following persons were drawn to serve as jurors at a term of Superior Court, to commence on January 5, 1880:

The Board also drew a jury for the February term of 1880, which will appear to-morrow.

The Board then adjourned to the first Monday in January next.

A Cheerful Outlook.

Philadelphia Times.

Mr. Samuel J. Tilden and Mr. John Sherman are directors in the same railway company, and they seem to have got pretty well acquainted with each other. It is Mr. Mr. Tilden's calm judgment that Mr. Sherman is a rascal, and Mr. Sherman has an unprejudiced belief that Mr. Tilden is not to be trusted. It is a cheerful sort of contemplation for the country that both of these men expect to be President of the United States.

Make a Note of This.

Professor Green, a distinguished allopathic physician, wrote to the Medical Journal to the effect that after all other means had failed he sent for the Kidney Cure, (now Safe Kidney and Liver Cure), and to his astonishment cured a serious case of Bright's Disease by administering it, and afterward found it equally beneficial in other cases. He advised his brother physicians to use it in preference to anything else for kidney diseases.

DAILY NEWS

GEO. C. JORDAN, Editor and Prop'r.

THURSDAY, DECEMBER 4, 1879.

THIS time it is the Czar. When the train that he was on was about entering Moscow an explosion took place, wrecking the train, but fortunately injuring no one.

NOW is the appointed time for the *Tribune* and its kin to yell "Fraud!" "Bulldozing!" and the "Shot gun Policy!" Louisiana shows an increase in her Democratic voting population, the Republican majorities of 1876 being completely wiped out.

THE "moonshiners" and revenue officers in Georgia have been having a little fun. The story is graphically told in the Atlanta *Constitution*; but we humbly suggest that in future the officers engage the services of Mr. Charles Graham, of *Harper's Monthly*, the hero artist of the Jackson county "blockaders," to illustrate the terrible engagements with the "crooked" whisky pagans.

IT would seem as if the spirit of Henry Berry Lowery is still lingering about the limits of Robeson county. Last week a deputy sheriff shot dead in his tracks; this week a colored boy shot by a drunken negro; the trial of a young woman for killing her seducer just ended with an acquittal—all these things have a bad effect on the fair repute of the county. Other counties have their quota of criminals; but Robeson sprung at one bound into unenviable notoriety through the deeds of the Lowery gang, and the numerous homicides that have since taken place there have added to its unsavory reputation. Firearms are altogether too common with the desperate, drunken negroes that infest certain localities within the State, and the law relative to carrying concealed weapons should be vigorously enforced.

THE latest Democratic combination suggested is Seymour and Hendricks. Its inventors remark that Seymour need only be a figurehead, it being understood that he will resign after election and allow Hendricks to take the office. They think Hendricks would consent to take the second place on those terms. He need not be particular about having Seymour put his promise to resign in writing, for the chance to fulfil it would never arrive.—*New York Tribune.*

The *Tribune*'s prophecies are remarkable, especially when Editor Gould deals in wool and engineers a general "lamb-shearing." But we can prophesy also, and our prediction is that if Horatio Seymour is nominated and accepts the nomination he will be elected—and the *Tribune* well knows it. And another thing, Mr. Seymour will never consent to be put up as a figure-head to carry the election and then resign, and any man that knows anything of his character will see the supreme silliness of such an assertion. If Mr. Seymour is elected he will stand at his post throughout his term unless death sooner overtakes him.

AN ex-Union soldier, who has been settled in North Carolina as a successful tobacco planter ever since the war, has decided to sell out and return with his family to the North. In a letter to a friend in Connecticut he says: "State rights is the rallying cry South as much now as in 1860; and when you at the North learn the true issue it may be too late to save the Union."—*Madison County News.*

Who is this ex-Union soldier? Why is it that when an attack is made on the fair fame of the State the author is always some nameless person without a habitation. North Carolina is a pretty good-sized State, and the successful tobacco planter might be a common collard raiser for aught any one knows. We want names and localities when such assertions are made. Any man of common sense residing in the State knows that people are not obliged to leave here on account of political opinions, and any man of common sense knows that a man pursuing a lucrative business is not going to pack up and leave unless he receives a decidedly advantageous offer for his property. We are surprised to see the editor of a paper published in the State printing a mess of trash calculated to work us injury abroad. So in future let us have the names, that the people can judge of the truth or falsity of the statement.

A FOOL'S ERRAND.

The above is the title of a new work purporting to be written by "A Fool," and judging from the review of the book printed in the *Tribune* the *nom de plume* may be considered a characteristic *sobriquet*. The scene is laid in "Dixie" and the hero is a friend of the public prosecutor in the courts of the State; but where the State of "Dixie" is located is not made known. He goes through a series of remarkable adventures, escaping by the skin of his teeth in many instances, and apparently meets with more perils than he ever encountered during his army service, whatever that might have been. The time of the story is laid in 1865 and runs through a year or two following. It deals with Southern arrogance and lawlessness, and the Ku-klux comes in for its full share of attention. But throughout the whole work the key note of complaint seems to be "social exclusiveness," which term, we take it, means that Southern gentlemen wouldn't take the stranger into the bosoms of their families.

The volume is brought to a close by a practical application of the alleged facts obtained in the experience of the "Fool," who, in a familiar conversation with one of his early and wisest friends frankly expresses his views of the present relations between the North and the South. The burden of his prophecy is not of cheerful import. He regards the work of reconstruction as a failure, so far as it was an attempt to unify the Nation (with a big, big N), to make one people in fact of what had been one only in name before the convulsion of civil war. Nor was it more successful as an attempt to secure the rights of the colored race, the provisions in whose behalf were subverted with an ease that surprised even those who instituted the movement. In fact, he affirms, the struggle between the South and the North, as far as the establishment of a principle is concerned, is not ended but only just begun. "The North and the South are simply convenient names for two distinct, hostile, and irreconcilable ideas—two civilizations, they are sometimes called, especially at the South."

In the opinion of the author's hero the battle must be fought out. If there is to remain one nation on this Continent, it must be either a nation unified in sentiment and civilization, or the one civilization must dominate and control the other. "As it now stands, the South is the most intense, vigorous and aggressive. The remedy for the evil is not to come from within, but from without. The Nation has nourished and protected slavery. The fruit of slavery has been the ignorant freedman the ignorant poor white man, and the arrogant master. These elements are the result of national power exercised in restraint of free thought, free labor, and free speech. What the Nation has permitted and encouraged the Nation must undo. Let it educate those whom it has made weak, not as a matter of favor to the black, but of safety to the Nation. The South does not wish this thing to be done to her people, and will oppose it with might and main. If done at all, it must be done by the Nation as an act of sovereignty, and exercise of power, without bending the knee to the Moloch of State Rights."

In point of merit the work is compared to "Uncle Tom's Cabin," but in our opinion the difference is as that between Cooper's "Last of the Mohicans" and a dime novel Indian yarn. In order to have made it "rich, rare and racy" the author should have engaged Mr. Graham, the excited artist, to illustrate it—but come to think Judge Tourgee had left the State before Graham made his perilous trip through the wilds of Jackson county.

TRACING THE WHEREABOUT OF A MONOGRAM COIN.

A Gold Dollar that was Pursued Across the Continent and Finally Captured.

Philadelphia Times.

LUMBERVILLE, N. J., November 30.—A young lady of this place has in her possession a gold dollar, with a monogram inscribed upon it, which has been the subject of a great deal of attention. It was attached to a bracelet by a chain. One evening in the latter part of February last after a sleigh ride, she missed it. The broken chain showed how it had disappeared. Search was made, but it was of no avail. Finally an advertisement caught the eye of an habitual loafer about town. He went to the house and informed the servant at the door that he had found the dollar below the steps of the sleigh the morning after the ride and had spent it for whisky at one of the saloons of the city. The friends of the young lady determined to find the dollar if possible. The saloon-keeper remembered receiving the money, but he had paid it to a butcher. The latter recollected paying it over to a drover in Trenton. The address of the drover was secured and a letter written him, requesting a reply at once. It came, with the information that he had purchased a ticket to Philadelphia with it the very day the Lambertville butcher gave it to him, and that the Trenton ticket agent had remarked about the monogram.

The search was continued. The agent remembered the dollar and said he laid it aside for a few hours, but as the drover who paid it to him evidently knew nothing concerning it, it was forwarded to the general office in Philadelphia with the daily account. The receiver of the New Jersey receipts at Philadelphia was next corresponded with. The beautiful monogram had been noted, but had been deposited in the bank, along with other sums of money. His opinion was that it could be obtained from the cashier. So interested in the travels of the little coin were its friends in this city that it was resolved to continue the investigation. The cashier was communicated with. His attention had been called to the initials on the back of the dollar by one of the clerks, and he had instructed the clerk to place it aside for a few weeks. Unfortunately, in the absence of the clerk, a gentleman desiring several hundred dollars in gold, preparatory to a California trip, had been furnished with the amount, and the little piece had in some way been mixed with that sum, and gone westward. The gentleman's name was furnished. He represented a Philadelphia house, and a letter was sent to him. The events so far described took place in March, and the remainder of the spring and all summer passed with no tidings from the lost bangle. A few days ago, however, there came a letter from Detroit, written by the gentleman who had gone west, which stated that his health had been poor, so that instead of returning at once from California, as he purposed when he started, he had stopped at Colorado Springs for the summer to recuperate. The letter relating the account of the dollar had been delayed and not forwarded, so that he never received it until he reached Chicago. He said he had the dollar in his possession, as the monogram attracted his notice. The initials were the same as those of a young friend of his, and he kept the coin on that account. He promised to send the dollar as should be directed. He was as good as his word, and the little gold piece is back in Lambertville once more.

"Gone Away."

Columbia (S. C.) Register.

In returning to some portions of our coast region, one inquiring for old friends who were as familiar in former days to the localities as the roads and rivers were, is met by the simple, yet truly sad response, "Gone away!" Large and important families, containing as many as fifty or one hundred persons of the same family name, have not a single one of the name left in the communities where it was once a household word. This is peculiarly the case in Beaufort county. The estates of many of these people, which had never been owned for over a century, or, indeed, since the first settlement, by any other but some branch of the same family, who still held them at the happening of the war, have been confiscated by a cruel sale for taxes, covering amounts for taxes owed by the whole of that State and parts of Georgia, North Carolina, and Tennessee. Hard, hard has been the lot of these unhappy sufferers. "Gone away!" Some of them, and not a few, have "gone away" never more to see again the homes of their childhood. Some, and not a few, have gone to that long home where the weary are at rest and the wicked cease from troubling.

A Testimonial for Mrs. Grant.

The ladies connected with the Methodist fair, now in progress in Philadelphia, have agreed to present the wife of General Grant a testimonial. It consists of a chair. The frame is of ebony, and it is upholstered in crimson plush, bordered with silk fringe. The cushion is covered with black satin, having in the center a wreath of chrysanthemums, lilies, forget-me-nots, and other flowers embroidered in colored silks. In the center of the wreath another bunch of flowers is worked. In the cushion back of the chair is another wreath, corresponding to that on the seat, with a monogram composed of the letters "J. D. G.," (Julia Dent Grant). This handsome article will be made the recipient of donations with which it is proposed to endow a "Julia Dent Grant" admission to the orphanage.

Golden Blunderbusses.

The Central City *Herald* says: Blasts have been unusually heavy and somewhat dangerous in Golden Gate of late. A large piece of quartz came through the roof of the Golden Gate house on Thursday, which was fired from the Justice, and must have fallen fully a thousand feet. Another from the Rhoderick Dhu went through a cabin, roof, floor and all, into the ground. The De Smet residence was struck with a large shower of quartz yesterday morning. Ever since the large rock broke down into her room last summer, Aunt Lue says she has slept with a pillow over her head for fear of having her brains knocked out.

What They Say.

Rev. J. E. Rankin, D. D., of Washington, D. C., certifies of Warner's Safe Kidney and Liver Cure: "I do not doubt that it has great virtue." Rev. C. A. Harvey, D. D., Secretary of Howard University, certifies that for Bright's disease "no other remedy can be held for one moment in comparison with this." E. W. Neff, of Detroit, Mich., certifies that it completely cured him of a very serious chronic liver complaint. J. H. Sherlock, of Rochester, N. Y., certifies that it cured him of Bright's disease of several years' standing, and that he believes it to be the most valuable remedy ever discovered. These are samples of hundreds of other testimonials.

What is Hay Fever?

This fashionable disorder is supposed to be an affection of the mucous membrane of the nose. They say that Henry's Carbolic salve will cure it if used freely and persistently. Give it a trial. Beware of counterfeits.

Practical Economy.

Before Patapsco Baking Powders was patented and placed on the market, consumers had to pay 50 cents per pound for the Old Rut Powders. You can now buy Patapsco for about one-half that amount. This accounts for the popularity of Patapsco.

GOSSIP FOR THE LADIES.

Dead Love.

It comes too late, that smile alluring,
It comes too late, that speaking sigh;
The love is dead, though long enduring,
That once you passed so coldly by.

It comes too late, thy heart's surrender,
Mine from its cheerless doom to save;
That humid glance with passion tender
Falls as the sunbeam on a grave.

Yet, when our wounded loves expire,
Say! where the wandering spirits stray?
Where now is the extinguished fire?
Where now the wind that died away?
—*Temple Bar.*

The only housework some girls do is when they begin to dust around after a beau.

A ton of gold makes a fraction of over $500,000, and when a man says his wife is worth her weight in gold, and she weighs 120 pounds, she is worth $30,000.

"See here, Jones, why don't you fence in your premises?" "Oh, there's no need of it, so long as my wife is always railing around the house—*Yonkers Gazette.*

Since the wane of the pedestrian mania the word laps is less frequently met in print. This doesn't imply, however, that the old style of courting has been changed.

In Sweden a bride has her pockets filled with bread. Caramels are good enough for the girls in this country.

One of the things which money brings,
Besides self-adulation,
Is a front church pew, with an excellent view
Of the entire congregation.

An economical Louisville girl has knocked the bottom out of an empty cheese box, and wears it as a belt.

The great ambition of woman is to clothe herself in garments that the least drop of water or the least bit of sunshine will spoil or fade.

It is said that a girl who can shed three tears in a moment and follow them up with a quivering sigh, can marry all around a good looking blonde who does nothing but try to blush.

Whenever you hear that the young ladies of a certain town have organized a cooking club, make sure that the dyspepsia has got a mortgage on that neighborhood drawing twelve per cent.

The young lady who educates herself to speak uniformly kindly to her brother will find a reciprocal love in his breast. He will never set the dog on her fellow, nor tar the foot steps on a dark Sunday evening.

A young lady has written to know what is sure cure for love-sickness. As other eminent physicians have previously prescribed, the same old time tried, fire tested remedy—marriage—is suggested. It has never been known to fail.

A young lady who had been married a little over a year, wrote to her matter-of fact old father, saying: "We have the dearest little cottage in the world, ornamented with the most charming little creepers you ever saw." The old man read the letter and exclaimed, "Twins, by thunder!"—*Keokuk Constitution.*

Cuticura

BLOOD AND SKIN HUMORS.

The Scourge of Mankind. Old Methods of Treatment and Remedies a Failure.

CUTICURA RESOLVENT, the Great Blood Purifier and Liver Stimulant, is the most searching, cleansing, and purifying agent of this country. It may be detected in the saliva, sweat, milk, blood, and urine in forty minutes after taking the first dose, showing that it has entered the circulation and been carried to every part of the system. It forever eradicates the virus of Syphilis, Scrofula, Cancer, and Canker, those terrible blood poisons that rot out the machinery of life, filling the body with foul corruptions. Taken internally in conjunction with the external application of CUTICURA, the Great Skin Cure, it speedily cures Scrofulous Ulcers and Old Sores, Salt Rheum, Psoriasis, Tetter, Ringworm, Scald Head, Dandruff, and all Itching and Scaly Diseases of the Skin and Scalp.

ECZEMA ON THE SCALP.

BREAST AND LIMBS CURED.

MESSRS. WEEKS & POTTER: Gentlemen—I cannot refrain from adding my debt of gratitude to you for having placed within my reach the wonderful CUTICURA REMEDIES, which have rendered unnecessary all further experiment of physicians, and in a remarkably short space of time have rid me of a loathsome disease. I dispensed with all physicians two years ago believing they did me no good. The CUTICURA has stopped this unsatisfactory expense—even if it were necessary and I had the courage any longer to follow their advice—and brought the long-looked-for cure and happiness.

I have been afflicted with Eczema or Salt Rheum on my scalp, breast, and limbs for five years, during which time I have been under the treatment of physicians, or at mineral springs, or taking some kind of medicine. I have been treated by Drs —— of ——, Dr. —— of ——, and visited sulphur springs and taken numbers of patent medicines, all without the faintest approach to a cure.

April 1st last, I began the use of CUTICURA, which was immediately successful in my case, entirely curing me. I have not had a clean scalp for 15 years until the use of CUTICURA entirely healed it and left it clean and healthy. The other parts of my body were affected in a more aggravated form, but are now completely healed. I believe myself completely cured. I shall continue the CUTICURA RESOLVENT as directed, for its wonderful action on the stomach and bowels and cooling influence on the blood. It will afford me pleasure, as I have done in many cases, to urge the afflicted to use these wonderful remedies.

Yours, etc.,
STEPHEN CROWELL.
NEW BEDFORD, Sept. 30, 1878.

A RUNNING SORE

CURED IN ONE WEEK.

MESSRS. WEEKS & POTTER:—Some three or four weeks ago I ordered a box of CUTICURA for a bad case of Salt Rheum. The back of one of my wife's hands was a running sore. In one week from the day it arrived her hand was well and has remained so up to to-day. E. P. DAGGETT.
MILFORD, ME., June 10, 1878.
NOTE.—Reader, don't you think these cures remarkable?

LOCAL BRIEFS.

— No old bonds yesterday.

—A dwelling house is advertised for rent.

—There were no applications for drummers' license yesterday.

—Cotton, Middling 12. Receipts 501 bales. Tone of market strong.

—Yesterday was quite warm. More like a September than a December day.

—The interest in the meetings at the Swain street Baptist church appears to be increasing.

—Mr. T. C. Worth has purchased a Knabe piano through Professor Baumann, of Peace Institute.

—The jovial joker of Swift Creek was in the city yesterday. He put the pony in his pocket while his son raffled off the jury list.

—Mr. A. M. McPheeters, of this city, left last evening for Atlanta on a business tour. He may extend his trip still further south.

—The NEWS is under obligations to Mr. Donald W. Bain, Grand Secretary of the Grand Lodge, F. & A. M., for courtesies extended.

—George Goldman, the Hargett street fruiterer, has just received a shipment of real genuine Florida oranges, direct from the plantation.

—The proprietor of the *Piedmont Press* announces that there will be no issue of that paper for December 6th, on account of the breaking down of his press.

—Thus far in December seven marriage licenses have been issued in this county. A very fair showing for a starter, at which the ministers will doubtless rejoice.

—The material for Mr. John Spelman's *State Journal* has arrived, and the first number will appear in about two weeks. Mr. Spelman is an experienced journalist, and will undoubtedly meet with success.

—Prices in the market yesterday ruled as follows: Chickens, 15@20c; turkeys, $1.50@$1.75 a pair; eggs, 17@20c; cabbage, 10@20c; butter, 25@30c; apples, $1.60 a bushel; sweet potatoes, 60c a bushel; Irish potatoes (State), $1.20 a bushel, (northern) $1.75@$2.00 a bushel.

—The transportation on the Raleigh & Augusta Air-Line is so heavy at present that orders sent for lumber from this city along the line are delayed for want of cars. This embarrasses our builders to considerable extent, and buildings in progress of construction are at a standstill for the present.

—The coming concert at Peace Institute will be a unique affair, combining as it does the seeming eccentricities of the last century with the presumed superior knowledge of the present day. Some of the best musical talent in the city will assist, and if thorough drilling, numerous rehearsals and ability can make the entertainment perfect, those attending will have no cause to complain. "Ye people of ye olden tyme," with their patent notes resembling a conglomeration of Greek, Hebrew and Egyptian characters, will prove not the least interesting feature.

One Experience from Many.

"I had been sick and miserable so long and had caused my husband so much trouble and expense, no one seemed to know what ailed me, that I was completely disheartened and discouraged. In this frame of mind I got a bottle of Hop Bitters and used them unknown to my family. I soon began to improve and gained so fast that my husband and family thought it strange and unnatural, but when I told them what had helped me, they said 'Hurrah for Hop Bitters! long may they prosper, for they have made mother well and us happy.'"—The Mother. *

Why Will You

Allow a cold to advance in your system and thus encourage more serious maladies, such as Pneumonia, Hemorrhages and Lung troubles when an immediate relief can be so readily attained. *Boschee's German Syrup* has gained the largest sale in the world for the cure of Cough, Colds and the severest Lung Diseases. It is Dr. Boschee's famous German prescription, and is prepared with the greatest care, and no fear need be entertained in administering it to the youngest child, as per directions. The sale of this medicine is unprecedented. Since first introduced there has been a constant increasing demand and without a single report of a failure to do its work in any case. Ask your Druggist as to the truth of these remarks. Large size 75 cents. Try it and be convinced.

The Reason.

The reason for the unprecedented demand for Dr Price's Cream Baking Powder, is the result of its being of superior strength, uniform quality and contains no unwholesome substance. Having thoroughly tested it, we have no hesitancy in recommending it.

Prescription Free

For the speedy cure of seminal weakness, losss of manhood, and all disorders brought on by indiscretion or excess. Any druggist has the ingredients. Address Davidson & Co., 78 Nassau street, New York. *

Call at Meyer's for a schooner of Eckert & Winter's New York beer for five cents. *

Consumption Cured.

An old physician retired from practice had placed in his hands by and East Indian missionary the fomular of a simple vegetable remedy, for the speedy and permanent cure of consumption, bronchitis, catarrh asthma, and all throat and lung affections, also a positive radical cure for nervous debility and all nervous complaints, after having tested its wonderful curative powers in thousands of cases, has felt his duty to make it known to his suffering fellows. Actuated to this motive, I will send free of charge, to anywho desire it, this recipe, with full directions for preparing and using, in German, French or English. Sent by addressing with stamp, naming this paper, W. W. Sherar, 149 Powers' Block, Rochester, N. Y. eow7m.

Neuralgine.

This is not a KING CURE-ALL. But is only good for Neuralgia and Headache. For these troubles it is the only specific known. Sold by all the leading druggists. tf.

Revolutions Never Go Backward.

This is especially true when they have genuine merit, such as is found in Patapsco Baking Powders. Housekeepers have only to try this Powder to prove the above motto of the truth of history. Patapsco Baking Powders will never go back on you. It is uniformly good and economical. *

A Card.

All who are suffering from the errors and indiscretions of youth, nervous weakness, early decay, loss of manhood, etc., I will send a receipt that will cure you, free of charge. This great remedy was discovered by a missionary in South America. Send a self-addressed envelope to the Rev. JOSEPH T. INMAN, Station D, Bible House, New York City.

Good Living.

The secret of good living is of vast importance to all mankind. Every good liver knows this—but when the liver is bad, then take Rosadalis, the the great Southern Remedy, and Mott's Liver Pills. They are sure to restore you to health.

The Testimony of All.

All who use them say that Dr. Price's Special Flavoring Extracts are the most natural flavors made. It makes all the difference in the world whether our creams and pastry are flavored with Dr. Price's nice, fresh fruit flavors, or the offensive turpentiny extracts.

What Physicians at Home and Abroad Think of the Seven Springs Iron and Alum Mass.

In the treatment of Dyspepsia, Chlorosis, Anæmia, Nervous and Muscular Debility, Nervous and Sick Headache, Dysmenorrhœa, Menorrhagia, Amenorrhœa, diseases of the Kidneys and Bladder and such like organic or functional disturbances, I know of no remedy upon which I can rely with more certainty of satisfactory results than the "Seven Springs Mass."

W. F. BARR, M. D.,
Abingdon, Va.

I have found no one single remedy to yield such satisfactory results as the "Seven Springs Mass." In the treatment of Dyspepsia, Chronic Diarrhœa, Anamia, Chlorosis, and for Chronic Eczema, I find it invaluable, associated with appropriate topical treatment.

GEO. T. HARRISON, M. D.,
New York City.

From my experience with the "Iron and Alum Mass," I believe it will prove the best medicine we have in use, for chronic diseases.

G. M. D. PATTERSON, M. D.,
Eaglewood, Texas.

For Dyspepsia, Ulcerations of the Throat, Inflammation of the Neck of the Bladder, Leucorrhœa, etc., the "Seven Springs Mass" seems to act with almost specific effect.

E. O. GRIGSBY,
DeView, Ark.

We could extend this list into the thousands with such testimonials from physicians from every State in the Union, but these are sufficient to indicate its application. The reputation of the remedy is too widely known to waste words upon its character. In ordering from druggists always mention Seven Springs Mass. Price $1 per package or six for $5, sent by mail, postpaid.

THE SUN FOR 1880.

THE SUN will deal with the events of the year 1880 in its own fashion, now pretty well understood by everybody. From January 1st until December 31st it will be conducted as a newspaper, written in the English language, and printed for the people.

As a newspaper, the SUN believes in getting all the news of the world promptly, and presenting it in the most intelligible shape—the shape that will enable its readers to keep well abreast of the age with the least unproductive expenditure of time. The greatest interest to the greatest number—that is the law controlling its daily make-up. It now has a circulation very much larger than that of any other American newspaper, and enjoys an income which it is at all times prepared to spend liberally for the benefit of its readers. People of all conditions of life and all ways of thinking buy and read THE SUN; and they all derive satisfaction of some sort from its columns, for they keep on buying and reading it.

In its comments on men and affairs, THE SUN believes that the only guide of policy should be common sense, inspired by genuine American principles and backed by honesty of purpose. For this reason it is, and will continue to be, absolutely independent of party, class, clique, organization, or interest. It is for all, but of none. It will continue to praise what is good and reprobate what is evil, taking care that its language is to the point and plain, beyond the possibility of being misunderstood. It is uninfluenced by motives that do not appear on the surface; it has no opinions to sell, save those which may be had by any purchaser with two cents. It hates injustice and rascality even more than it hates unnecessary words. It abhors frauds, pities fools, and deplores nincompoops of every species. It will continue throughout the year 1880 to chastise the first class, instruct the second, and discountenance the third. All honest men, with honest convictions, whether sound or mistaken are its friends. And THE SUN makes no bones of telling the truth to its friends and about its friends whenever occasion arises for plain speaking.

These are the principles upon which THE SUN will be conducted during the year to come.

The year 1880 will be one in which no patriotic American can afford to close his eyes to public affairs. It is impossible to exaggerate the importance of the political events which it has in store, or the necessity of resolute vigilance on the part of every citizen who desires to preserve the Government that the founders gave us. The debates and acts of Congress, the utterances of the press, the exciting contests of the Republican and Democratic parties, now nearly equal in strength throughout the country, the varying drift of public sentiment, will all bear directly and effectively upon the twenty fourth Presidential election, to be held in November. Four years ago next November the will of the nation, as expressed at the polls, was thwarted by an abominable conspiracy, the promoters and beneficiaries of which still hold the offices they stole. Will the crime of 1876 be repeated in 1880? The past decade of years opened with a corrupt, extravagant, and insolent Administration intrenched at Washington. THE SUN did something toward dislodging the gang and breaking its power. The same men are now intriguing to restore their leader and themselves to places from which they were driven by the indignation of the people. Will they succeed? The coming year will bring the answers to these momentous questions. THE SUN will be on hand to chronicle the facts as they are developed, and to exhibit them clearly and fearlessly in their relations to expediency and right.

Thus, with a habit of philosophical good humor in looking at the minor affairs of life, and in great things a steadfast purpose to maintain the rights of the people and the principles of the Constitution against all aggressors, THE SUN is prepared to write a truthful, instructive, and at the same time entertaining history of 1880.

Our rates of subscription remain unchanged. For the Daily SUN, a four-page sheet of twenty-eight columns, the price by mail, post-paid, is 55 cents a month, or $6.50 a year; or, including the Sunday paper, an eight-page sheet of fifty-six columns, the price is 65 cents a month, or $7.70 a year, postage paid.

The Sunday edition of THE SUN is also furnished separately at $1 20 a year, postage paid.

The price of the WEEKLY SUN, eight pages, fifty-six columns, is $1 a year, postage paid. For clubs of ten sending $10 we will send an extra copy free.
